Full Stack Developer | AI & Data Science

EDUCATION

Sri Krishna College of Technology

B.Tech – Artificial Intelligence and Data Science

- CGPA: 8.65 / 10.0

Coimbatore, Tamil Nadu

Sep. 2023 – April 2027

Mangalam Higher Secondary School

Higher Secondary Certificate (HSC)

- Percentage: 92.67%

Tamil Nadu

2023

EXPERIENCE

Full Stack Developer Intern

Infini Solutions

- Developed responsive web applications using React.js (frontend) and Spring Boot (backend), improving page load performance by optimizing component rendering.
- Built and secured 5+ RESTful APIs with JWT-based authentication and role-based access control.
- Managed PostgreSQL databases with Flyway migrations; optimized 10+ queries reducing average API response time by ~30%.
- Containerized a 4-service application (Spring Boot, PostgreSQL, Redis, MinIO) using Docker Compose, eliminating environment setup time across dev and prod.

May 2026 – June 2026

Tamil Nadu, India

Python with Data Science Intern

Nxt Logic Software Solutions

- Performed data preprocessing and exploratory analysis on real-world datasets using Pandas and NumPy.
- Built and evaluated machine learning models (classification, regression) using Scikit-learn.
- Generated 8+ visualizations using Matplotlib and Seaborn across temperature, rainfall, and humidity datasets to surface actionable trends.

May 2025 – June 2025

Tamil Nadu, India

PROJECTS

QuizLive – Real-Time Quiz Platform | *React, TypeScript, Spring Boot, WebSocket, Redis, PostgreSQL, Docker*

- Built a full-stack real-time quiz platform (Slido-inspired) with live leaderboards, animated participant experience, and dark presenter view for hosts.
- Implemented JWT authentication with refresh tokens, role-based access control (Host/Participant), and QR code generation for easy session joining.
- Used Spring WebSocket + STOMP for real-time communication; Redis for live leaderboard caching and streak-based scoring.
- Deployed on Vercel with Docker Compose orchestrating PostgreSQL, Redis, and MinIO file storage services.
- sparklo-in.vercel.app | github.com/kaviya-sh/QuizLive

Personal Portfolio Website | *HTML, CSS, JavaScript*

- Developed a fully responsive personal portfolio to showcase projects, certifications, and technical skills with smooth UI transitions.
- Achieved cross-browser compatibility and mobile-first design; deployed on Vercel.
- Integrated project showcase, certifications, and contact sections with CSS animations; achieved 90+ Lighthouse performance score.
- kaviya-shanmugam.vercel.app

Weather Data Analysis | *Python, Pandas, NumPy, Matplotlib*

- Performed data cleaning, descriptive statistics, and trend analysis on weather datasets using Python.
- Visualized temperature, humidity, and rainfall patterns; applied basic ML models for forecasting.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, C++, HTML, CSS, SQL (MySQL, PostgreSQL)

Frameworks & Libraries: React.js, Spring Boot, Spring Security, RESTful APIs, WebSocket (STOMP), Zustand, Tailwind CSS, Pandas, NumPy, Scikit-learn, Matplotlib

Developer Tools: Git, GitHub, Docker, Docker Compose, CI/CD, Vite, Maven, Vercel, VS Code, IntelliJ IDEA

Databases & Cloud: PostgreSQL, MySQL, Redis, MinIO, AWS (Cloud Practitioner)

CERTIFICATIONS

HackerRank: Problem Solving (Basic), Software Engineer Certificate

Infosys Springboard: Java Programming Fundamentals, React JS, Machine Learning and Data Analytics

Amazon Web Services: AWS Cloud Practitioner Essentials

ACHIEVEMENTS & PARTICIPATION

Smart India Hackathon 2024 & 2025 – Selected as participant in national-level government hackathon

Shristi'24 – Participated in technical event at college level

LeetCode: Solved 400+ problems – leetcode.com/u/727823TUAD047
